This article was left on the editors'desk. We do not know who wrote it, but it's a very good idea. So here it goes.

If there is any one thing we do neglect, it is our duty to our gracious Creator who has done so much for us. We just drift along from day to day and so long as nothing happens to interfere with our health and happiness we never give Our Lord a word of praise or thanks for goodness to us; but if some great trouble should overtake us, he is the first one we go to, the only one we can call on. Then when by his loving kindness, he reaches down and lifts us out of our sorrows, we forget him again.

Every Sunday night we are afforded the opportunity of attending Church Services in Sarasota. Most every Sunday there are two and sometimes three trucks go in,but it is obvious that only a few actually go to Church.All of the Churches welcome us,so let's go to one at least once a week when it is possible and not leave camp under false pretences,for such a worthy cause, and I am sure we will be better respected by our fellow men, and better loved by God.

Another enlistment period closes tomorrow,and again we are to lose a group of our comrades.Some we have known three months,and others who have spent nine months with us are to leave.They will return home; some to work and some to do nothing.

Their experiences in the Civilian Conservation Corp will give them something to look back upon.there are probanly incidents which are not agreeable to remember,but in the main,their experiences have been mostly pleasent and they will never regret the time spent in the C.C.C.

We extend to them farewell,and the wish that they may succeed in all their undertakings.

Cliff Carter and Buck Mills are in line for congratulations.Both boys have landed jobs in Michigan.Their work will be either in a paper mill or on a peppermint plantation at Mentha,midway between Chicago and Detroit.

They will spend a week at Lakeland before heading north.When they leave,they will carrywith them,the best wishes of the entire Company.

TELEPHONE LINE

Another task has been completed. The telephone line from Bee Ridge to camp is open now. There are twelve miles of line which were put up by about fourteen of the enrollees.

Mr. Oldham has been in charge of the project and has finished it in the record time of three weeks.

INSPECTIONS

The last week there have been more inspectors in camp than there were boys. The District Surgeon was here Thursday and a party of Officers which included Captain Borland, supply officer of the district were here Friday.

NEW TABLES

A shipment of knock-down tables including ping pong tables, was received here last week. They will be put together and used in the recreation hall as will the table tennis tables which were also received.

****

Key West will not be as well represented as it is now, as most of the Key West boys are leaving us the thirty first.

S.P.4 8-ADMINISTRATIVE 2

The Company team made an auspicous start this afternoon turnback the administrative personnell 8-4.Cone,on the mound for the winners allowed but three hits.These came all in the third inning and resulted in both the Administrative runs.

Lt. Veal and George Merrin tossed for the personnell and yielded eight hits.

Score by innings;

S.P. 4 o 3 x /8 8 1
A.P. 0 0 2 0 0 /2 3 0

LANDSCAPING

Flower beds have already been laid out in front of the barracks, headquarters,and the recreation hall.They have been planted in several variaties of annuals donated by Sarasota people. The work was done by Charlie Ciccarelo who made a nice job of it.

NEW ISSUE

Wednesday saw most of the boys in riding breeches.The new issues fitted so well, the boys were stunned by the shock,and wore the breeches all day.

PAGE DOC. MATTHEWS

In 1631 it was considered unethical for surgeons to stoop to advertise their ability as the K.P.s do,but even doctors like to pat themselves on the back occasionaly and Dr.Nicholas Tulp was no exception.Competition kept the old boy from making'nary a nickle' and and there was no doubt about it, the canteen checks were just not coming his way.He was just before whittlin' out a coffin for himself with his scalpels-I expect-when he hatched an idea and carried it faster than our mail comes,to the studio of Rembrandt who was just before joining the C.C.C..It was a smart and cunning Dr.Tulp who spoke these next lines to the young artist.'You are young and you have talent,Rembrandt.If you could paint a portrait of me standing over an operating table, demonstrting to the other doctors how to properly dissect a corpse; your reputation would be made.' The subtlety of the Docter's idea is shown in the fact that the sawbones grouped around him,were the ones who were taking his patients. The painting served a two fold purpose.It was received so enthusiastically by the public,that the Docter was refered to as'the great anatomist';and the painting virtually made Rembrandt.

9continued on page8)

BOYS WILL BE BOYS

I met a very charming lady some time ago who has a great intrest in the C.C.C.camp at Myakka.In fact,her intrest is so great,that it includes all the boys who were at the dance(and would have included all the boys in camp only some of them were away at the time)

She said that 'three eye' has such a musical voice that she could listen by the hour, only it sounded better far far away.

Kelly is another favorite of hers, the poor girl bowed her head and whispered, "The dear boy is without fault, only he forgot to comb his hair and every time he asked me to be his bride,I would have to shake my head to get his hair out of my face and he thought I rejected his proposal".

She also mentioned "Jew Baby" as a prospective future provider It was this way:"Jew Baby" asked the fair lady for a dance and she gladly responded to his pleading voice. With his arms around her waist they waltzed out on the floor Now "Jew Baby" can't help it because his feet are so large and that most of the time he was standing on her dainty toes. Now a man of his ability can not keep a girl in shoes at that rate - - so we find her with another lad presently.

She made Goo Goo eyes at Stepinfetchit, (Cont'd on page 8)

CARDS BEAT RED SOX

THE American Legionnaires of Sarasota made it possible for a number of boys to attend the spring practice baseball game between the World's champion Cardinals and the Boston Red Sox, at reduced rates. A large number watched the Cards administer a 4 to 1 lacing to the Sox. Frisch and company comanded most of the attention, but Boston's $250,000 Shortstop, Joe Cronnin was not neglected as he hit two long singles in four trips to the plate.

Wes Ferrell, the former Indian started on the mound for the Sox and issued seven hits for three runs, George Hockette was combed for two bingles and one tally in the two innings he worked.

Bud Tinning and the veteran Jesse Haines shared the mound work for the Cards, and gave only six scattered hits, which included a triple by Werber and a double by Cooke.

Ducky Medwick, storm-center of the last World Series, took hitting honors with three for four.

FISHING ENTHUSIASTS

Last Sunday a party consisting of Lt. Livingston, Lt. Anderson, Mr. Merrin and Mr. Williams, were the guests of Cap't Sten on his yacht.

They went out into the Gulf after Kingfish. The Kings were found about five miles out and twenty were taken besides the assortment of jacks that were thrown back.

Lt. Anderson took the largest fish, a twenty pounder, "You should have seen the one that got away"

CONE CAPTAIN

At the recent meeting of the baseball team, Wodrow W. Cone was selected Captain and Lt. Veal Manager.

Cone as a second baseman is a veteran of last year's team and is considered one of the most valuable players.

The last dance was a great success, as usual there were a large number of girls from Arcadia, Sarasota, and Bradenton.

Arcadia contributed the largest number, if I'm not mistaken there were thirty in all from Arcadia, then not counting a large number from Sarasota and a few from Bradenton.

Not many girls showed up from Bradenton due to the late arrival of the trucks. We were real sorry that this happened, as Bradenton always has contributed the largest number of pretty girls. We hope that they'll do the same in the future as was done in the past.

A party is taking place in Arcadia tonight, many of the boys were invited. Our First Seargent Benny Dennard, has secured a truck from Lt. Veal, to transport the boys to and from.

This is a big chance for some of the boys that are interested in Arcadia, if they behave right they can really make a hit.

This And That

Zorilla is going home this pay day, maybe somebody else will get to use the typewriter.

Charlie Ciicarello dees'nt seem to be doing so good with a certain blonde in Sarasota.

They tell me that Awtrey wanted to suggest that they plant lighter trees instead of so many pines.

We wonder what the Arcadia women will do now that Carter is going to Michagan.

When a girl slaps a boy's face thats not news, but when she kicks him in the stomach when his back is turned? Tsk. Tsk. Ask Bencomo.

It's not box Car's girl any more, It's Savage's girl. For your information.

Buddy King is now getting ready for Max Baer, he can't find any competition in camp.

Holmberg has been in a fine shape for the last few days, he'll probably be disappoited pay day.

A tennis tournament will be started Sunday at the courts in the City park. Any one interested see Mr. Reynolds

A certain girl told Joe Palooka at the last dance:"Boy you've got a good line but your hook's rusty"

Poor Pena is going home the thirty first, I wonder if a certain girl in Arcadia will miss him much.

You could tell that the cradle snatchers were in Ybor City last Saturday. All the little girls in Sarasota were walking peacefully along the streets.

So hard working Moody could'nt take the rock pile?.

We wonder who the Quartermaster is. Some fun eh! Cone?

Eddie Gonzalez was serenading a certain group of Sarasota girls with a guitar, right on main street to. Tsk. Tsk. Maybe it's that Spanish Chivallry. Is it Eddie?.

"BIG GAME HUNTER"

The other day "Big Game Hunter" Chicken was out hunting with his big, big, shot gun when he met Tarzan. Of course Tarzan beign a man of the woods thought he'd see how Chicken was doing, so he asked him:

"Tell me Chicken what would you do if you were to meet a big black ferocious bear?" Chicken in turn replied," Well I'd shoot him with my gun."

"Well supposing you did not have any shells, or the gun would jam what then.?"

"Well I'd hit him with it."

"And tell me supposing you did not have a gun at all ?"

"Oh! I suppose I'd throw a rock at him, or maybe I'd climb a tree."

"Supposing there were no trees or rocks around?"

Chicken was getting kind of worried by this time so he says: "Well then I'd do the only thing left for me to do, I'd run for my life."

Tarzan thought he'd kid him along so he says:" Ah! now I've got you supposing you were cornered?" Chicken replied: "Aw go on man you just want the #*@/@*# bear to tear me to pieces."
